1.    Plugins ▸ Manage and Install Plugins...
 Plugin Manager

3. Click on the 'Get more' button in the left sidebar of the Plugin Manager window. This will display a list of available plugins. In the list, find the plugin named 'QuickWKT'. Click on the name of the 'QuickWKT' plugin. This will open a detailed view of the plugin. In the detailed view, click on the 'Install plugin' button at the bottom right. This will download and install the 'QuickWKT' plugin into QGIS.

- ## Plugin
